THE 10TH ORGANOELEMENT CHEMISTRY SEMINAR

第10回有機元素化学セミナー

8th June (Mon.) 2015, 09:40–18:20

Joint Research Laboratory Building, Room CL-110

Uji Campus, Kyoto University

Gokasho, Uji, Kyoto, Japan

Plenary Speakers

Rainer Streubel

University of Bonn, Germany

“Phosphinidenoid And Terminal Phosphinidene Complexes. First Comparison of A Complementary Couple”

Ulrich Mayer

Mayer Scientific Editing

“Practical Considerations for the Preparation of Scientific Manuscripts in English”

Invited Speakers (in alphabetical order)

ITAMI, Ken-ichiro	Nagoya Univ.	“Materials- and Biology-Oriented C–H Activation”
IWAMOTO, Takeaki	Tohoku Univ.	“Reactions of Hexaalkyltricyclo[2.1.0.0 ^{1,3}]pentasilane and Related Compounds”
MATANO, Yoshihiro	Niigata Univ.	“Synthesis and Optical Properties of Highly Fluorescent π -Conjugated Phosphole Derivatives”
MATSUO, Tsukasa	Kinki Univ.	“Fused-Ring Bulky Rind Groups Producing New Possibilities in Organoelement Chemistry”
WAKAMIYA, Atsushi	Kyoto Univ.	“An Approach of Organic Chemist toward Efficient Perovskite Solar Cells”
YAMASHITA, Makoto	Chuo Univ.	“Synthesis and Properties of Reactive Diborane(4) Compounds”
YORIMITSU, Hideki	Kyoto Univ.	“A Journey from Discovery of New Pummerer Chemistry to Catalytic C–S Bond Cleavage”

Language

English

Registration Fee

Free

Entry Deadline

1st June (Mon.)

Poster Session

13:00–14:20

Mixer and Fee

18:30– (¥3000 for general attendances; ¥1000 for students)

Registration

Send e-mail entitled “10th Organoelement Chemistry Seminar” to sasamori@boc.kuicr.kyoto-u.ac.jp with your name, title, affiliation, address, phone number, (fax number,) e-mail address, and WILL or WILL NOT join a mixer.
