

International Symposium on Fiber Science and Technology (ISF2014) Big Sight Tokyo Fashion Town Hall September 28 to October 1, 2014

Commemorating the 70th anniversary of
the Society of Fiber Science and Technology, Japan

Co-organized by The Japan Chemical Fibers Association

Supported by Ministry of Economy, Trade and Industry

Approved by The Textile Machinery Society of Japan

The Japan Research Association for Textile End-Uses

Photo by Mamiana Taro

S3 Flow & Deformation Induced Polymer Crystallization

Supported by Institute for Chemical Research, Kyoto University

Invited Speakers

Balzano Luigi, DMS Ahead, The Netherlands

Hu Wenbing, Nanjing University, China

Hsiao Benjamin, Stony Brook University, USA

Jeng U-Ser, National Synchrotron Radiation Research Center, Taiwan

Kimura Kunio, Okayama University, Japan

Martins Carla I., University of Minho, Portugal

Matsuba Go, Yamagata University, Japan

Murase Hiroki, TOYOBO CO., LTD, Japan

Nozue Yoshinobu, Sumitomo Chemical Co., Japan

Ohkoshi Yutaka, Shinshu University, Japan

Organized by T. Kanaya (Kyoto Univ.) and H. Murase (TOYOBO)
