

**International Symposium on the Synthesis and Application of
Curved Organic π -Molecules and Materials**

First Circular

CURO- π

**Uji, Kyoto, Japan
October 19-21, 2014**

INVITATION

We cordially invite you to participate in the **International Symposium on the Synthesis and Application of Curved Organic π -Molecules and Materials (CURO- π)** which will be held in **Uji, Japan** on **October 19–21, 2014**.

The symposium focuses on the frontier area of the synthesis and applications of curved (non-planar) aromatic compounds. All scientists working on **chemistry and physics of curved π -conjugated molecules** are welcome.

The CURO- π program will feature keynote lectures, invited lectures, and poster sessions.

We are looking forward to seeing you in Uji!

Chairperson
Shigeru Yamago
